

DARKFALL

Since the foundation in January 1995 the Austrian act DARKFALL celebrates superior and uncompromising Thrash/Death Metal which caused a furore on their first two demos "Winter Leaves" (1998) and "Dimensions Beyond" (1999) as well as on the following masterpieces "Firebreed" (2001) and "Phoenix Rising" (2006). By receiving enthusiastic reviews in international media and by playing numerous concerts, DARKFALL became a much-valued name in the worldwide Metal-scene. With the release of the boxed set "Through Fiery Times And Beyond" (2008) the band's past has been finally eternalised and concurrently a new era has been heralded.
